Course Description:

In this course you'll experience the simplicity of using Sage 50 Accounting's additional features that help businesses move beyond just the basics of functionality, features and reporting.

The features and topics in this course provide the next level of managing and reporting for Payroll and Employees, Paycheques, Inventory and Inventory Maintenance, Projects and Job Costing, Company Budgets, Departmental Accounting, Year End, Users and Security just to name a few.

This course is different from any other Sage 50 Accounting Online and Classroom Courses. We know businesses use the current Sage 50 Accounting program and our courses are up-to-date. We also keep our students informed and we pass along updates of information to our students.

Simply Training has years of experience designing courses, and we understand how people learn best! Our instructional videos offer more than just demonstrations of how to record transactions; they provide information on bookkeeping and office procedures, all Canadian content, businesses best practices, and many consultants' tips and tricks. This course also comes with Sage 50 Accounting step-by-step guided exercises, and you are assigned an instructor to help you with answers to your questions; no other course offers this level of support to their students. This course simply provides exceptional value!

Join the thousands of Canadian office workers, Bookkeepers, Accountants and Business Owners who have completed this course successfully and are now working with Sage 50 efficiently and confidently. Ensure to read our students testimonials who have completed the course and how it helped them in finding a job or in starting their business.
